

Sensil[®] WaterCare Brand Certification Requirements

Nilit is a global leader in polyamide 6.6 production and we are focused on delivering high quality products and innovation to our customers around the world. We have a wide range of innovative fibers under the Sensil[®] WaterCare brand name. Check out our websites www.nilit.com and www.sensil.com or call one of the contacts detailed at the bottom of this page.

Using the Sensil[®] WaterCare brand could not be easier, just follow the 3 easy steps:

1. Fabrics developed with Sensil[®] WaterCare products should be submitted for testing using the form on the back of this document to our certification test laboratory.
2. We will confirm in writing the results of the certification testing, and if the fabric meets the Brand Certification Requirements detailed below, a unique reference number will be provided with the approval certificate.
3. The fabric mill can then identify their fabric samples as Sensil[®] WaterCare and garment manufacturers can request hangtags by quoting the unique fabric approval reference number. Applications for hangtags by garment makers can be made directly on our Internet site <http://www.nilit.com/hangtags>

The following certification standards apply to all fabrics and garments that use the Sensil[®] WaterCare brand. This permission must be requested for all new articles produced before the Sensil[®] WaterCare brand is used.

Sensil[®] WaterCare Brand Qualifiers	Fabrics and garments must contain Sensil [®] WaterCare yarn manufactured by Nilit (see Nilit product list)
Minimum Qualifier Content (%)	For circular knits and seamless, the minimum content is 66% For control hosiery/tights, the minimum content is 66% For Socks, the minimum content is 66%
Other Fibers	All other fiber types are permissible. Nylon yarns used in combination with Sensil [®] WaterCare fibers should be from Nilit whenever possible.
Garment Content Requirements	For cut and sew apparel, garments must contain an approved Sensil [®] WaterCare fabric.

Terms and Conditions

- Garment manufacturers are responsible for garment quality and for ensuring, along with the fabric producer, that the fabric is suitable for the intended end use.
- The written approval from Nilit to use the Sensil[®] WaterCare brand on any specific certified fabric style is valid for **3** years. After this period, permission to use the brand would need to be requested again and new samples submitted for testing.
- Nilit may refuse the use of the Sensil[®] WaterCare brand for low quality fabrics and garments.
- Hangtags, stickers and all other forms of Sensil[®] WaterCare logo usage can be requested via our Internet site or from the contacts below. Details of the legal requirements of trademark usage are given on this Internet site. Unauthorized usage of the Sensil[®] WaterCare trademark is subject to prosecution.

Disclaimer

This Brand Requirement Certification document contains only selected data and further information on our Internet site should be carefully read. Customers using Nilit products are responsible for ensuring that it is suitable for the intended end use. Full information via www.nilit.com
