

Sensil[®] BodyFresh fiber Brand Certification Requirements

NILIT[®] is a global leader in polyamide 6.6 production and we are focused on delivering high quality products and innovation to our customers around the world. We have a wide range of innovative fibers under the Sensil[®] BodyFresh fiber brand name. Check out our websites: www.nilit.com and www.sensil.com or call one of the contacts detailed at the bottom of this page.

Using the Sensil[®] BodyFresh fiber brand could not be easier, just follow the 3 easy steps:

1. Fabric or garments developed with Sensil[®] BodyFresh fiber products should be submitted for testing using the form on the back of this document to our certification test laboratory.
2. We will confirm in writing the results of the certification testing, and if the fabric meets the Brand Certification Requirements detailed below, a unique reference number will be provided with the approval certificate.
3. The fabric mill can then identify their fabric samples as Sensil[®] BodyFresh fiber and garment manufacturers can request hangtags by quoting the unique fabric approval reference number. Applications for hangtags by garment makers can be made directly on our Internet site <http://www.nilit.com/hangtags>.

The following certification standards apply to all fabrics and garments that use the Sensil[®] BodyFresh fiber brand. This permission must be requested for all new articles produced before the Sensil[®] BodyFresh fiber brand is used.

Sensil[®] BodyFresh fiber Brand Qualifiers	Fabrics and garments must contain the required minimum content of a Sensil [®] BodyFresh fiber manufactured by NILIT [®] (see NILIT product list)
Anti-Bacterial Effectiveness Minimum Qualifier Content (%)	For circular knits and seamless, the minimum content is 50% For control hosiery/tights, the minimum content is 50% For Socks, the minimum content is 50%
Anti-Viral Effectiveness* Minimum Qualifier Content (%)	For circular knits and seamless, the minimum content is 80% For control hosiery/tights, the minimum content is 80% For Socks, the minimum content is 80%.
Other Fibers	All other fiber types are permissible. Nylon yarns used in combination with Sensil [®] BodyFresh products should be from Nilit whenever possible.
Garment Content Requirements	For cut and sew apparel: anti-bacterial effectiveness - garments must contain a minimum of 50% of an approved Sensil [®] BodyFresh fabric. anti-viral effectiveness - garments must contain a minimum of 80% of an approved Sensil [®] BodyFresh fabric.

Terms and Conditions

- Garment manufacturers are responsible for garment quality and for ensuring, along with the fabric producer, that the fabric is suitable for the intended end use.
- The written approval from NILIT[®] to use the Sensil[®] BodyFresh fiber brand on any specific certified fabric style is valid for 3 years. After this period, permission to use the brand would need to be requested again and new samples submitted for testing.
- NILIT[®] may refuse the use of the Sensil[®] BodyFresh fiber brand for low quality fabrics and garments.
- Hangtags, stickers and all other forms of Sensil[®] BodyFresh fiber logo usage can be requested via our Internet site or from the contacts below. Details of the legal requirements of trademark usage are given on this Internet site. Unauthorized usage of the Sensil[®] BodyFresh fiber trademark is subject to prosecution.
